

ABOUT MOTTS RUN RESERVOIR

This 860-acre park was opened in 1974, three years after the completion of the reservoir, and since that time it has seen many changes. In 2000, a water treatment facility was completed near the dam to serve the City of Fredericksburg and parts of Spotsylvania County. In 2004, our lovely log cabin nature center was finished. 2020 marked the completion of the mountain biking trails encircling the reservoir, courtesy of FredTrails. Motts Run continues to provide recreational opportunities for fishermen and boaters, as well as habitat for waterfowl and a host of other wildlife. Over 17 miles of hiking and biking trails encourage exploration of the surrounding forest.

TREES ALONG THE TRAIL

See how many you can identify!

- | | |
|-----------------------|-----------------------|
| ___ Virginia Pine | ___ Loblolly Pine |
| ___ Eastern Red Cedar | ___ Sweetgum |
| ___ Tulip Poplar | ___ Black Gum |

| ___ Ruby Throated | ___ Woodpecker |
| ___ Hummingbird | ___ Pileated |
| ___ Great Blue Heron | ___ Woodpecker |
| ___ Black Vulture | ___ Blue Jay |
| ___ Turkey Vulture | ___ N. Mockingbird |
| ___ Osprey | ___ Other _____ |

WILDLIFE

Wetland vegetation rimming the 6.5 mile shoreline provides a breeding ground for spring peepers and American Toads, dragonflies and mayflies, which in turn become food for bluegill and bass. Great blue herons, kingfishers, and osprey prey on the aquatic life while beavers make use of the sweetgum, oak, and pine growing along the banks for their numerous stick and mud bank lodges. Further upland, the hardwood forest of oak, hickory, and beech provides food and shelter for white-tailed deer, wild turkey, raccoon, and the great-horned owl. Flowering mountain laurel and dogwood brighten the spring woodland while black gum and red maple set the autumn woods on fire.

HIKING & BIKING HINTS

- Hike or bike with a buddy, especially if it is your first time.
- Carry water in hot weather.
- Bring a map with you on the trail.
- Let someone know where you will be hiking or biking and for how long.
- Stay on the trail.
- Take note of colored blazes along the trail.
- Observe closing time of sunset.
- **Caution:** Yellow-jackets nest underground and can be very aggressive from July to frost. Carry medication if allergic and stay on the trails.

RULES & REGULATIONS

Following the rules and applying common sense will help ensure a safe and pleasant visit for all and preserve this park for future generations.

- Keep the park clean by placing waste in the proper receptacles
- Mountain Biking allowed only on designated trails
