

ANSWER KEY

CALL SIGN — FOR THE GROWN-UPS

SCIENCE DAY · STEVEN F. UDVAR-HAZY CENTER · JUNE 15

Forrest — Junior Aviator

The Space Shuttle Discovery	Space Shuttle Discovery (Space Hangar)
A black super-fast spy plane	SR-71 Blackbird
A helicopter	Any helicopter (Vertical Flight)
An airplane hanging from the ceiling	Any ceiling-hung aircraft
A plane with a white star on it	Any US military plane w/ star roundel
A plane with a face or teeth painted on it	A nose-art fighter (shark teeth etc.)
A tiny ultralight	Any ultralight (Cosmos Phase II, Lazair, Double Eagle)
The Concorde	Concorde
Any bright red airplane	Any red aircraft
A small space capsule	Gemini/Mercury/Apollo capsule
A plane with a propeller on the front	Any propeller-driven aircraft
A plane with a number painted on it	Any aircraft with a painted number
A yellow airplane	Any yellow aircraft
A jet engine	Any jet engine on display
An astronaut suit or helmet	Spacesuit/helmet in a Space Hangar case
A plane you can see the seats inside	Any open cockpit
Wheels taller than your knees	Large landing-gear tires
A flag painted on a plane	Any flag marking on an aircraft
A rocket pointing up at the sky	Any rocket/missile standing upright
The tall observation tower	Donald D. Engen Observation Tower

Evrin — Flight Engineer

The Enola Gay	Enola Gay — “Enola Gay” painted on nose
The Boeing Dash 80	Boeing 367-80 (Dash 80)
A tilt-rotor aircraft	Bell XV-15 tilt-rotor
A German WWII aircraft	Arado Ar 234 Blitz (1st jet bomber)
A business jet	Any business jet
A jet from the Vietnam War	McDonnell F-4 Phantom
A rocket or missile	Any rocket/missile in Space Hangar
An airplane from before 1920	Any Pre-1920 wood-and-fabric aircraft
The fastest jet in the world	SR-71 — Mach 3.2+
An aircraft engine on its own	Any standalone engine display
The Boeing 307 Stratoliner	Boeing 307 Stratoliner — 33 passengers
The Virgin Atlantic GlobalFlyer	GlobalFlyer — pilot Steve Fossett
A Grumman F-14 Tomcat	Grumman F-14 Tomcat
A drone / unmanned aircraft	Any UAV/drone on display
An ejection seat	Any ejection seat
A satellite	Any satellite in Space Hangar
A sailplane / glider with long wings	Any glider/sailplane
A radial engine	Any radial (round) engine
A WWII fighter — name its country	Any WWII fighter + its nation
The Engen Observation Tower	Donald D. Engen Observation Tower

Geneva — Navigator

The P-38 Lightning	Lockheed P-38 Lightning (twin booms)
A Korean War jet	F-86 Sabre or MiG-15
A floatplane / seaplane	Any floatplane/seaplane
A glider	Any glider (no engine)
The Concorde	Concorde — Air France (France)
An Apollo or Mercury space artifact	Mercury/Gemini/Apollo artifact
A biplane	Any biplane
An aerobatic stunt plane	deHavilland Chipmunk
Discovery's final-flight year	Discovery — final flight 2011
A cargo or transport aircraft	Any cargo/transport aircraft
A Vought F4U Corsair	Vought F4U Corsair (gull wings)
The Gemini capsule	Gemini capsule (two-seat)
A plane with tiger or shark nose art	Any tiger/shark nose-art aircraft
A spacesuit or astronaut glove	Spacesuit/glove in a display case
A wooden propeller	Any wooden propeller
A plane from a country that isn't the USA	Any non-US aircraft (check flag/placard)
A Vietnam-era helicopter	Any Vietnam-era helicopter
A model aircraft in a glass case	Any model aircraft in a case
A jet with wings that fold or sweep back	Any swing-wing or folding-wing jet (e.g. F-14)
A Cold War spy / recon aircraft	Any Cold War recon/spy aircraft (e.g. SR-71)

Elsie — Mission Commander

Riddle: “39 trips to space, 27 years of service, retired in 2011.”	Space Shuttle Discovery — ~365 days in orbit total
Riddle: “Mach 3+, the color of midnight, no missile caught me.”	SR-71 Blackbird — ~Mach 3.2 / 2,193 mph
Riddle: “Supersonic elegance, droop-nosed, grounded in 2003.”	Concorde — Air France & British Airways
The world's FIRST operational jet bomber — and it's German.	Arado Ar 234 — “Blitz” = “Lightning”
Find a “push-pull” plane with a propeller on BOTH ends.	Dornier Do 335 — “Pfeil” = “Arrow”
Find the aircraft that ended WWII in the Pacific.	Enola Gay — Hiroshima
Find a tilt-rotor aircraft.	Bell XV-15 — rotors tilt up to hover, forward to fly like a plane
Locate an autogiro — an early 'flying car' experiment.	AC-35 autogiro — a roadable 'flying car' experiment
Find the OLDEST aircraft you can.	Pre-1920 aircraft — year varies (early 1900s-1910s)
Find any aircraft engine and identify its type.	Engine type — piston/jet/rocket, model varies
Riddle: “Solo, nonstop, no refueling — one pilot circled the globe in me in 2005.”	Virgin Atlantic GlobalFlyer — pilot Steve Fossett
Riddle: “First airliner with a pressurized cabin, 1938, named like a cloud.”	Boeing 307 Stratoliner — cruised ~20,000 ft (6,100 m)
Find the F-14 Tomcat.	F-14 Tomcat — shot down a Libyan MiG (Gulf of Sidra, 1989)
Find a German WWII fighter with a round, air-cooled radial engine.	Fw 190 — radial-engine fighter / fighter-bomber
Find a WWI-era aircraft (Pre-1920).	WWI aircraft — wood frame, fabric skin, wire bracing
Find an aircraft with a 'swing wing' (variable geometry).	Swing wing — sweeps back for speed, spreads for slow flight
Find one propeller fighter AND one jet fighter.	One prop fighter (P-38/Corsair) + one jet (F-86/F-4)
Find a reconnaissance aircraft.	Recon gathers photos/intel; a bomber drops ordnance
Find a satellite or space probe.	Any satellite/probe + its purpose
In the Korea/Vietnam area, find an American jet and its Soviet rival.	F-86 Sabre vs. MiG-15

Many items (engines, oldest aircraft, nose art, non-US planes) vary by what's on display — reward a reasonable find plus a read placard. Displays rotate, so confirm a few on arrival.
